

Enviro-Plush

A more environmentally friendly option for your doorway

- This entrance mat is made of 30% recycled material and is PVC-free.
- The manufacturing process supports a circular economy and reduces waste as the mats are made from small plastic beads or flakes that are melted to create polyester yarn. This process uses 70% less energy and 85% less water.
- Effectively traps moisture, dirt, and debris to keep internal floors clean.
- Machine washable at 30°C for easy maintenance.
- The anti-slip rubber backing helps keep the mat in place.
- Available in beige and anthracite to complement various interiors.
- Features a cut pile 'wool look' for a stylish appearance.
- Tufted with a 5/32" process and 85,000/m² tuft density for longevity.
- Absorbs 2.4 litres of liquid per m².
- Features 'tear resistant' edging for a finished look and added stability.
- Suitable for low to medium-traffic areas indoors.

Styles Available

Anthracite

Beige

Parts

Part Number	Size	Colour	Weight (kg)
